

Stall proposal for National STEAM Carnival

Dear Sir/Ma'am,

Greetings from National STEAM Carnival (NSC). We are pleased to present an opportunity for your brand/organization to become a valued stall partner at the National STEAM Carnival, a **3-day national carnival from 13th August to 15th August** that will be held at the **Bangladesh University of Engineering and Technology (BUET)**.

The event is expected to attract a highly relevant and diverse audience including students, parents, teachers, institutions, robotics enthusiasts, and STEAM-focused youth, with an age profile ranging from **6 to 25 years**. The carnival is projected to host **3,000+ audience** members and participation from **50+ institutions**, making it a strong platform for direct brand exposure and meaningful audience engagement.

Brand Visibility Opportunities

As a stall or booth partner, your organization can benefit from branding opportunities before, during, and after the event. Based on the event materials, visibility opportunities may include:

- Logo placement at central event venue points / backdrop presence
- Banner visibility across the venue
- Social media and digital campaign presence
- Pre-event promotional communication
- Post-event highlight and aftermovie mentions
- On-ground physical presence for direct brand interaction and lead generation

This combination of on-site and digital exposure helps extend your brand reach beyond the event days themselves.

Audience Relevance

NSC is especially valuable for brands and organizations that want to engage with:

- School and college students
- Young learners interested in science, technology, engineering, arts, and mathematics
- Parents who influence educational and consumer decisions
- Teachers and institutions connected to student development

Because the audience includes both urban and semi-urban participants, the event also creates an opportunity for broader brand resonance across different educational communities.

General Stall	Food Stall	Booth
Position: Opposite of the gate. Size: Length: 6' x Width: 6' x Height: 8' Price: BDT 10,000 Facility: • 1-2 Small Banners • 1 Static post • Mention in post event • Small size logo placement in banners	Position: Near gate/ In front of the gate/ Beside the gate. Why Participate as a Stall Partner

- Direct visibility among students, parents, teachers, and institutional representatives
- Brand presence at a national-level event hosted at BUET
- Logo and banner placement opportunities at the event venue
- Pre-event and post-event promotional mentions
- Social media and digital branding support through campaign exposure
- CSR value, with the event providing an accessible platform to reflect educational and social impact in future CSR reporting

Regards,

Md Rishadul Kabir
